Sir:

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), applicant brings to the attention of the Examiner the documents listed on the attached PTO 1449 and respectfully requests that the listed documents be considered by the Examiner and made of record in the above-captioned application.

This Information Disclosure Statement is being filed within three months of the filing date of the above-referenced application and, applicants believe, before the mailing

date of a first Office Action on the merits for the above-reference application. Therefore, applicants do not believe that any fee is due in connection with the submission of this paper.

Copies of the listed documents are attached. Also attached is a copy of the Search Reports for FR 01/01672, FR 99/10422 and EP 00 115998.

U.S. Patent No. 6,006,804 corresponds to EP 0 787 602, which was cited in the European Search Report, EP 00 11 5998.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Applicants do not believe that any fee is due connection with the filing of this Statement. However, if any fee is due or if any overpayment has been made, the Commissioner is authorized to charge any such fee or credit any overpayment to our Deposit Account No. 02-4377. Duplicate copies of this sheet are enclosed.

Respectfully submitted,
